Dust Suppressant

Dear Sir/Madam:

The RM of De Salaberry will again offer to cost share the expense with property owners who request to have dust suppressant applied in front of their residential property. The cost this year for application is **\$350.00** per 200-foot site (**\$175.00** paid by the ratepayer, **\$175.00** paid by the municipality).

If you wish to have the dust suppressant applied to an area longer than 200ft, the additional cost will be entirely at the property owner's expense, in the amount of **\$1.75** per lineal foot.

Regardless if you've had dust suppressant applied in the past or you are a new customer, you must attend to the municipal office to fill out and sign the application form. As well as indicating on a map where you would like the dust suppressant to be applied. Please note, payment must be made in full prior to application being made. Please be sure to let the office know if you have any special requests as to the location where the suppressant is to be applied.

All requests and full payment for application of dust control must reach the municipal office by 4:00 p.m. on May 15th, 2025. Because the dust suppressant is a pre-booked custom application and the product is preordered, **no requests for dust suppressant will be accepted after May 15th, 2025.**

The Public Works Department will schedule the application of dust suppressant once gravel has been applied which is to begin as soon as possible.

Please do not hesitate to contact the office with any questions or concerns.

Thank you,

Chantel Wintoniw
Assistant Chief Administrative Officer
